

# Functional Requirements Report

## 1. Introduction

This report summarises the functional requirements defined in the SDD for the Adaptive English Learning Application.

## 2. Core Functional Requirements

- User registration and secure authentication
- Profile setup including language background and learning goals
- Adaptive home dashboard
- AI-powered learning exercises
- Real-time AI assistance
- Teacher analytics dashboard
- Notifications and reminders

## 3. System Support Functions

- Cloud-based data storage
- Progress tracking and reporting
- Accessibility support

## 4. Conclusion

These functional requirements ensure the system meets learner and educator needs effectively.
